# Research for a Future without Diabetes

---

The German Center for Diabetes Research (DZD) is a national network comprised of experts in the field of diabetes research that connects basic research, translational research and clinical applications.

- Helmholtz Zentrum München
- German Diabetes Center in Düsseldorf
- German Institute of Human Nutrition in Potsdam-Rehbrücke
- University of Dresden
- University of Tübingen

Associated partners at the Universities in Leipzig, Munich, Heidelberg, Cologne and Lübeck.

The goal of the DZD is to find answers to unsolved questions in diabetes research via an innovative, integrative research approach and to make a major contribution to improving the prevention, diagnosis, and therapy of diabetes mellitus.
